### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew E. Mulkeen (Reg. 44,250) on July 21, 2005.

The application has been amended as follows:

Claim 1 (currently amended):

A multilayered circuit board in which interlayer connection is achieved by the contact of minute pointed protrusions, provided on a first conductive circuit layer, with a second conductive circuit layer, wherein interlayer insulation is achieved by a film having a three-layer structure, comprising a thermoplastic film inserted between a pair of thermosetting adhesive layers, and

wherein the film having a three-layer structure is characterized in that the thickness of the thermosetting adhesive layers is greater than the thickness of the opposing conductive layers, and the thickness of the thermoplastic film is less than 25  $\mu\text{m}$ .

Claim 2: Cancel.

Art Unit: 2841

2. The following is an examiner's statement of reasons for allowance: A multilayer circuit board with the limitations "wherein the film having a three-layer structure is characterized in that the thickness of the thermosetting adhesive layers is **greater than the thickness of the opposing conductive layers**, and the thickness of the thermoplastic film is less than 25  $\mu\text{m}$ ", in conjunction with other claimed limitations, has not been disclosed by prior of record alone or in combination.

3.

4. Claim 1 is directed to an allowable product. As claim 3 is directly depending upon and include all the limitation of allowable claim 1, claim 3, withdrawn from consideration as a result of restriction requirement, is subject to being rejoined. Claim 3 is hereby rejoined and fully examined for patentability.

Since all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement made in the Office action mailed on February 25, 05 is hereby withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
